### VISION

The vision of the House of Nanny is to strengthen Community Networks and African NGOs by tapping into Diaspora resources to support in the task of caring for orphans and caregivers and to ensure

a generation of African orphans who are physically strong, mentally healthy, emotionally stable, self reliant, well educated and HIV/AIDS free to assist in Africa's economic recovery process.

### OBJECTIVES

★To harness resources from local Community Based Organizations, including Women's Groups and newly formed Men's Groups, youth Groups, Faith-based Organizations and Non Governmental Organizations to implement and meet the needs of orphans and their caregivers.

★Increase community involvement, participation and capacity to care for orphans and support parents and others dying of AIDS, orphans and grandmothers in the selected Nanny Program areas.

★Increase access of health education and services including voluntary HIV/AIDS/STD testing and counseling within the project area.

★Increase access to psychological and social support for orphans and grandmothers.

★Provide opportunities for orphans education including vocational train and create rural based jobs for orphans, widows and grandmothers to improve their economic and social status.

★Reduce HIV/AIDS infection, the incidence of STD and teen-age pregnancy among orphans and adolescents.

★To reduce the stigma attached to AIDS orphans and families infected and affected by HIV/AIDS.
